DCLA PHILIPPINES

YOUR PERFECT LEARNING MIX

WHAT WE DO

WE ARE
DCLA!

We are building specialized curriculums and sustainable computer learning systems for the technology utilization of K-12 learners.

We are perfectly mixing your traditional way of teaching with a technological way of learning.

WHERE WE COME FROM

We are rooted to our mother company's **vision of service** to over

80 SCHOOLS
IN OVER TWO DECADES
of expertise in school solutions

OUR COMMITMENT

Standardized computer learning and improved technical capabilities for a holistic global innovation.

WHEN YOU ARE WITH DCLA

Computer learning will be
EASIER

Computer learning will be
MORE VALUABLE

Computer learning will be
MORE SUSTAINABLE

BEING RUN THROUGH OUR UNIQUE
SYSTEM AND MEASURES CALLED

RUBRICS

Rubrics and Assessment works hand in hand, leading towards **Analytics**.

ASSESSMENT
& ANALYTICS

Nibble Teacher's Training extends itself through **Information** for teachers and **Books** for students.

INFORMATION

NIBBLE TEACHER'S
TRAINING

Reports for **Maintenance Overhaul** are submitted and monitored through the **Website**.

BOOKS

OVERALL
MAINTENANCE

Rubrics fulfillment is also monitored through the Website.

WEBSITE

All Assessments & Analytics becomes basis for improving Nibble.

THE NORM

Yes, we do understand your problems. Because just like you, we also encountered these common problems.
Do these sound familiar?

School Administrators

Computer materials such as books and software have a minimal after sales/follow-up

Frequent downtime of computers

The new systems and programs do not match our curriculums

Teachers

Most of the contents of the computer materials (books and software) are hard to follow

Teachers do not have the proper training for computer utilization and new materials/content

Parents

They see the lack of added value to their children in terms of computer learning with the price they are paying

They do not understand the need of computer learning into the curriculum

Students

Computer resources are available but not fully utilized.

Students are not equipped with computer knowledge, that is why they are incompetent when they go out in the real world.

Students cannot catch up with the advanced topics and materials

DID YOU KNOW?

ICT Development Index Ranking

Rank 8

Rank 10

Rank 101

(out of 176 countries)

Our country's computer curriculums are out-dated, that is why we are lagging from the rest of the world.

THE CHANGES

WE CAN BRING TO YOU!

School Administrators

Once a month **overall assessment** of the learnings and status of the school, students, and teachers.

Once a month **preventive maintenance** of the computer softwares and hardware.

Tailor fitting DCLA system based on what you already have, so **you will not need major adjustments.**

Teachers

Once a month overall **assessment of a teacher's understanding of the lessons**, so we can help them directly and properly.

Nibble Teacher's Training is conducted every start of the school year that introduces new lessons, contents, and systems.

Innovation and Education Conference is conducted once a year for FREE to learn the global and industry standard of learning and teaching.

Parents

Parents can use their children's outputs for real-world solutions, which they are paying for a **very reasonable and affordable price.**

Parents Orientations are conducted to explain the importance of the computer learning system.

It will also **show them its great effects and benefits** to their children's future.

Students

Computers are used on an average of 2 times a week per class. It helps students to **utilize computers in learning and creating more real-world outputs and solutions.**

Computer **learning materials** are **continuously developed and updated** based on the global and industry standard every year.

Computer learning materials are created for a diverse set of K-12 students. **Lessons are thoroughly created to fit the understanding of every student** - tech-savvy or non-tech savvy, fast-learners or slow-learners, and from pre-school to senior high school.

YOU CAN TRUST DCLA WITH YOUR FUTURE!

Just like many of our partners.
